# Senior Citizens Have Center By October

A new Senior Citizens Center for Putnam County is scheduled to open in early October at 9 West Franklin St. on the north side of the square in Greencastle, it was reported here today after a lease for the quarters had been signed.

Leasing the center is the Putnam County Council on Aged and Aging. The lease of approximately three years was signed with Mrs. Lucile Henter, building owner, by Mrs. Louise Johnson and Dr. Herold T. T. Ross, president and vice-president respectively of the Council.

The center covers an area of nearly 2,000 square feet and will house, in addition to Senior Citizen activities, the Retired Senior Volunteer program and the Nutrition program. The RSVP has been operating in the National Guard Armory and the Nutrition program in the First Christian Church.

Choosing the site for a center has been the responsibility of an advisory board appointed by the council. Members of the board are Mrs. Johnson, Dr. Ross, Mrs. Aral Groner, Mrs. Myrtle Wrede, Mrs. R.E. McGuffey and David Barr.

Recently appointed director of the center is Miss Sharon Hammond, who will organize and supervise the program of the center. The center was made possible by a federal grant obtained through the West Central Economic Division.

Opening date of the center, which will be available to all senior citizens, will be announced later.

## IBM To Mark 20 City Years

Twenty years ago, on a cold and blustery day in October, the local IBM plant joined the Greencastle business com-

munity. The IBM employees and their families plan to mark the occasion with an appropriate celebration on the weekend of Sept. 28 and 29. The program has been called "Reminiscence."

As part of the celebration, IBM employees are inviting the public to join them in an open house on Saturday, Sept. 28. Tours of the plant and many interesting displays and demonstrations will be provided for your enjoyment. Other activities are planned for Sunday, the 29th, but these are for the IBM employees and their families only. They will include games, tours, and nationally-known entertainers.

When the plant was dedicated in 1954, it was part of the company's Electric Accounting Machine Division and remained in this division until 1956, when the Supplies Division was established. The local plant is the largest card manufacturing facility in the world and, although the product line continues to change, the plant still

## Cost Of Center Would Be Up \$3.2 Million If Built Today: Gaston Says

DePauw's \$6.8 million new Performing Arts Center would probably cost \$10 million if it were bid at today's costs, Bob Gaston, director of the physical plant division at DePauw University, told members of the Optimist Club at their weekly meeting in Putnam Inn.

"The center will house the School of Music and Speech department and will be a grand addition to the DePauw campus and to the Greencastle

community," Gaston said. Included among the special features of the new structure will be 44 sound-proof music practice rooms.

Gaston listed the annual expenditures of the division at one and a quarter million dollars, most of which is expended in the Greencastle area, he said. The physical division has some 70 employees while the total university

employment is more than 500 persons.

While Gaston's department is not directly responsible for rentals, residence halls and the Union Building, it does do the maintenance work on them. The department is in direct contact with the police and fire departments, the utility companies, the Chamber of Commerce and service clubs.

As a pollution control, DePauw has installed two new electric boilers and is second in the county in the amount of electricity used, according to Gaston. Top user of electric power is Lone Star Industries.

Quarterly Says

## Insufficient Capacity Of Business Economic Drag

This nation's monetary policy alone cannot keep an economy fully employed with stable prices, says the Greencastle Federal Savings and Loan Association.

To bring this about, says the association in its September quarterly Business and Real Estate Trends, support must be forthcoming from one of two sources:

-From the private sector in the form of increased saving, or -From the public sector in the form of increased taxes or decreased spending, hence decreased government borrowing.

"Public policies in areas such as housing, energy, safety and pollution may also need to be revised," the quarterly says, "to preserve a proper order of priorities in a world in which everything cannot be done all at once."

At the heart of the problem is the insufficient capacity of American business, which is spending record amounts for new plant and equipment.

Lead times are long, however, and the quarterly says that many basic industries lack the needed capacity or the most

Preparing for the opening of the Putnam County Republican Party Headquarters Friday were these party workers last night. The headquarters is located in the old Central National Bank building.

On hand, from left are Gerturde Luther, county vice-chairman; Barbara Poor, John Harlan, Bob Poor, county chairman and Ron Ellis, chairman of the Young Republicans.

## Teenager Escapes Injury

A Greencastle teenager escaped injury but the 1964 automobile he was driving was listed as a total loss after an accident on the Manhattan Road at 11:05 p.m. Wednesday.

Deputy Sheriff Jim Adams reported that Gary L. Hunter, 17, 701 Crown Street, lost control of the car three miles southwest of Greencastle.

It left the highway and struck a utility pole and a tree. Adams estimated the damage at \$150 to the pole.

The car was owned by the youth's mother, Mrs. Wilma Hunter.

In other police news, two traffic citations were issued by Greencastle officers Wednesday.

Becky S. Pleake, 19, Fillmore, Route 1, was stopped on Sunset Drive and ticketed for speeding in a posted zone Wednesday morning.

Wednesday afternoon, David E. Rowings, 17, Greencastle, Route 1, was stopped on Hammond Drive and ticketed for permitting a violation.

## Headquarters To Open Friday Night For County Republicans

Putnam County Republicans will hold the grand opening of their party headquarters tomorrow night from 6:30 to 9 at 24 W. Washington St., the old Central National Bank building.

GOP county head Bob Poor said all county candidates will

be on hand for the session with Seventh District Congressman John Myers, state representative John Thomas and state senator Joe Harrison also on hand.

Poor invited all county residents to attend the event and meet the candidates.

Among the future construction projects of the university will be the renovation and restoration of Old East College and a new athletic center.

## Ideas For Club Presented

Ideas which will help the club move forward and be more effective in the coming year were presented at the Tuesday night meeting of the Rotary club Assembly, Larry Elam, president, told the service organization at its noon luncheon yesterday.

Twenty-two persons, including club officers, board members and committee chairmen, met with District Governor Oscar Lowrey. Fourteen reports were submitted by various committees and the ideas contained in these will be considered by the Board, according to Elam.

Elam announced that District Governor Lowrey would be guest of the club next week and at that time, three new members would be inducted into Rotary.

Originally scheduled for Wednesday program had been Tom Mont, DePauw football coach. Illness, however, prevented his appearance at this time.

## City Site Of School Workshop

Compensatory Education workshops, in Greencastle, were announced yesterday by Dr. Harold H. Negley, state school supt.

The workshops are for teachers in compensatory education programs in seven Indiana cities, all federally funded.

Dr. Negley said about 1,500 teachers and paraprofessionals are expected to attend.

The workshops will be held at Greencastle High School, Oct. 15, Nov. 5, Dec. 3, Feb. 4 and

March 11. One workshop was held Tuesday, it was announced.

Northaven Elementary School, Jeffersonville and Southridge High School, Huntingburg-Sept. 13, Oct. 18, Nov. 8, Dec. 6, Feb. 6 and March 13.

Rensselaer Central High School and Greenwood High School-Sept. 12, Oct. 17, Nov. 7, Dec. 5, Feb. 6 and March 13.

Anderson Area Vocational school and Columbia City Joint High School-Sept. 11, Oct. 16, Nov. 6, Dec. 4, Feb. 5, and March 12.

technologically advanced equipment to provide an increasing output at the lowest possible cost.

And there are material shortages, with steel cited as but one of many basic materials that will continue in short supply for months, perhaps years.

"The capacity problem, however, is not limited to products," the newsletter continues. "Services such as transportation and electric power cannot be provided in volume to meet projected needs without large additions to capacity and modernization

of obsolete facilities."

The quarterly lists four reasons for further expansion and modernization of the industrial base.

First, an economy that grows on an average of 3 percent or 4 percent per year will double its output, in real terms, approximately every 20 years. Growth alone thus requires creation in two decades of as much new capital as has been accumulated over all previous time.

Second, continued growth depends largely on the continued substitution of capital for labor, and more efficient

for less efficient capital. The capital base thus must increase even more rapidly than the economy as a whole.

Third, a more affluent society demands that goods and services it consumes be produced in a safe manner and one that does not pollute the environment. Meeting such standards frequently requires large capital expenditures that add little or nothing to capacity.

Finally, present capital needs are partly a matter of catching up. Railroads, for example, have been deteriorating for decades.

But expansion must be financed, and for many industries the money problem is a difficult one, the quarterly says.

"Many corporations with great need for capital expenditure are not profitable," the newsletter adds. "Some are even in bankruptcy. Others that in recent years report profits very likely overstate them, not to deceive but to conform to accepted accounting principles."

"But even profitable corporations entering money

## Residents Faced With Same Gloomy State Grain Prediction

Putnam County residents concerned with corn and soybean production in the state this year are faced with more gloomy predictions on the output.

In information released by the Agriculture Department, the August estimates called for a 446,550,000 bushel corn harvest in Indiana at an average of 83 bushels per acre, while the September report predicted 445,500,000 bushels at 51 bushels per acre.

The soybean projection, however, remained the same for both months at 105,570,000 bushels and 27 per acre. Nationally, the corn and soybean crop forecasts were somewhat more encouraging than in August. The department said its "all crops" production index as of Sept. 1 averaged 114 percent of the 1967 base year used for comparison.

Compared with 1973's record production, this year's corn harvest was expected to be nearly 17 percent less and soybeans 22 percent less, the Earl L. Park, agricultural statistician at Purdue University.

The September forecast and soybeans were down 4.5 bushels per acre.

The national average of 78.3 bushels of corn per acre was below the 91.4 bushels in 1973, but still well ahead of the 1967 base year.

Winter wheat production was forecast to increase about 36

bushels an acre from 35 last year. However, the total crop was expected to be more than double 1973-from an estimated 24 million bushels to nearly 50 million.

The oat crop should be down slightly from about 53 bushels an acre last year to 52 and from nearly 14 million bushels to

almost 11 million. The total number of acres planted with corn in 1973 was 5,240,000 and the average per acre yield was 102 bushels. Park said 5.5 million acres of corn were planted in Indiana this year.

There were 3,910,000 acres of

## Strong Support Urged Initial Corn Festival

Merchant's promotion committee chairman Ken Eitel, Jr., announced today that tickets are still available for the first annual Putnam County Corn Festival Show Sept. 18.

"Tickets sales are now picking up, though," Eitel added.

The show features Bonnie Lou and Colleen Sharp, two stars of the Paul Dixon show, TV show, and is set for 8 p.m. in the Junior High Gym.

Eitel stressed that the show and the entire festival, planned for Sept. 19, 20 and 21, will need

good support in this its initial year, to help guarantee the event on an annual basis.

"The people of the county have been wanting an annual festival for a long time. So it's important that we really give this thing support this year and get it off the ground," he said.

Colleen Sharp was born in Economy, Ind. and worked in nightclubs and supperclubs in Dayton, O. until 1965 when she came to the Paul Dixon Show. She's appeared on the Bob Braun 50-50 Club and presently lives in Florence, Ky. where she owns her own dance studio

and also gives many different types of dance lessons herself, it was reported.

"She's rich in love for people, rich in talent, warmth, friendliness and plain old-fashioned decency," says Paul Dixon about his famous sidekick, Bonnie Lou. She first came to WLW radio in 1945, and became an immediate success on the former Avco Broadcasting Show, "Hayride."

Bonnie, who is known for her yodeling, her guitar, banjo, and violin playing, as well as her

### Today's Weather

Mostly cloudy with occasional periods of rain and thunderstorms likely tonight and Friday. Warm and humid tonight. Turning cooler Friday. Lows tonight low to mid 60s. Highs Friday mid 70s. Chance of rain is 70 percent tonight and 60 percent Friday.

## A Little Of:

## This And That

Congratulations to Steve Bullerick for winning the Most Valuable Player award from the players on the Moose Lodge Babe Ruth League team.

At a pitch-in at the Jaycee Park, Moose Governor Murray Lewis presented Steve with a trophy.

000  
The following is a tribute to Leslie Sears from my old friend, Virgil Grimes, up Bainbridge way:

Hi Jim:  
In the passing of Leslie Sears the people of Putnam County have lost a solid citizen and a true American.

Leslie Sears was elected sheriff of Putnam County in 1922 following the untimely death of his brother, Lawrence Sears, who died while sheriff of the county.

Leslie Sears was a dedicated sheriff. He feared no man, he played no games, he made no deals.

He was an honorable public official.

How do I know this?  
Because I worked with him and can vouch for his good work and wisdom.

000  
It's no secret now.  
Dr. C.H. Finkbinder and Clara Flint are to be married Saturday, October 12th.

A reception following the wedding ceremony will be held at the Elks Lodge.

Congratulations in advance, nice people.

Felix Knauer, Commander of the Indiana Department of Veterans of Foreign Wars, has a busy schedule ahead of him this week.

Friday, Knauer and Past Department Commander John Etsinger and Charles Morgan, Felix's aide, will be in Russell, Kansas, for a meeting honoring Past National Commander Brannaman.

## Three Area Students Graduate At Purdue

A total of 827 Purdue University students completed work for degrees during the summer session last month.

The list released by the registrar's office showed 528 qualified for advanced degrees. A total of 127 qualified for Ph.D. degrees, 398 for master's degrees, and three for education specialist's degree.

A total of 238 completed work for bachelor's degrees and 17 for associate (two-year) degrees.

Seven of the graduates qualified for highest distinction rank and 28 others were graduated with distinction.

The list also included 44 foreign students who completed work for degrees—three for bachelor's and 41 for advanced degrees.

The August graduates, along with those finishing their studies next December, will be eligible to participate in Purdue's commencement next May.

## Monday Last Day

## To File For

## School Board Posts

The last day for filing for South Putnam School Board positions is Monday, September 16, at the Putnam County Court House closing time.

The South Putnam Community School Corporation has two positions available for filing for candidacy. They are Jefferson and Warren Townships.

## New Arrival

Mr. and Mrs. Michael Holsapple are the parents of a daughter, Cammie Jo born September 9 at the Putnam County Hospital and weighing seven pounds, 14 ounces. Cammie is the first grandchild of her paternal grandparents, Mr. and Mrs. Robert Holsapple of rural Cloverdale. The maternal grandparents are Mr. and Mrs. Forest Brewer of Brazil and there are several great-grandparents in the area.

## Anniversary

Mr. and Mrs. George Rissler, Route 1, Reelsville, are celebrating their 40th anniversary Sunday, September 15.

## Marriage Licenses

Raymond Allen Shillings, mill worker, and Karen Sue Farrow, baby sitter, both of Greencastle.

Clarence Edward Henderson, cook IBM, Cloverdale, and Carol Louise Henderson, at home, Fillmore.

## Graduates from Putnam County are:

Larry Joe Wilson, Route 1, Bainbridge, M.S. Civil Engineering.

Ralph Jay Mathena, 805 East Franklin, Greencastle, Bachelor's in Physical Education for men.

John Clyde Van Vactor, Box 106, Roachdale, P.H.D. Education.

## Savings &amp; Loan-

Continued from page one  
markets must compete for funds, not only with other corporations but also with non-business demanders for funds, including home buyers, state and local governments and the federal government and its agencies.

So it is, under such conditions, that monetary policy in the quarterly's view cannot do the job alone.

## Crops-

Continued from page one  
soybeans planted in 1974, compared with 4,290,000 last year—a drop of 9 percent in acreage.

## Festival-

Continued from page one  
hilarious naive, is equally at home crooning a Western ballad or belting out a popular hit. With show host Paul Dixon, Bonnie plays the part with deceptive wit.

## IBM-

Continued from page one  
manufactures the basic IBM cards familiar to all of us.

In 1966, the name of the division was again changed to its present one, the "Information Records Division." William F. (Bill) Long, the present plant manager, is the sixth since the plant was opened. John Phillips, the first plant manager, as well as former plant managers Ed McCall, Ed Stevens, and Bruce Nicholas, and other IBM executives, plan to join in the Reminiscence celebration and renew acquaintances with their many friends in the plant and community.

The open house on Saturday is scheduled from 1 p.m. to 6 p.m. and the public is cordially invited.

## Correction

The evening services at Immanuel Baptist Church are set for Monday through Saturday at 7:30 not at 7 as earlier reported.

Also the church Sunday school is set at 9:45 with morning worship at 10:45 not 1:45 as reported.

## Senior Citizens-

Continued from page one  
citizens of Putnam County, will be announced as soon as structural changes, including rest rooms, kitchen facilities, etc., have been completed.

Upon acquiring the new center, plans were made to have a display of Senior Citizen arts and crafts on sale in the front area of the building for the Putnam County Corn Festival.

Carpet, inlaid linoleum & tile, installation.

## ISU's Rissler Calls Nation's Juvenile Justice Outmoded

"The nation's outmoded juvenile justice system has become a national scandal," according to Dr. Herbert J. Rissler, professor of history at Indiana State University.

This theme will be the subject of two programs titled "Juvenile Justice: Children in Trouble in Indiana" which are funded by a grant from the Indiana Committee for the

Humanities. The first program is scheduled for Thursday, Sept. 19 at 7 p.m. in Room 296 Science Building on the ISU campus. The second program will be held a week later, on Sept. 26, same time and place.

In Dr. Rissler's opinion local communities must move rapidly to make their corrections systems more humane and efficient before it is too late. Nationally, ap-

proximately 8,000 first offenders enter the corrections system daily. Almost 7,000 of this number are children under 17.

One of every six males in the United States enters the corrections system before reaching legal majority. It costs between \$5,000 and \$20,000 per year to maintain a child in commitment. The national average is \$7,500 per child per year. Yet the evidence is clear—this expensive undertaking is a national failure.

Members of the panel are Judge C. Joseph Anderson; Pete Culver, director of the National Council of Crime and Delinquency Labor Participation Department; Peg Dyer of the Vigo County Coordinating Council and Dr. Edward Warner of the ISU Humanities Department. Dr. Rissler will serve as moderator.

Using the film "Children in Trouble: Alternatives to a National Scandal" as an introduction, the panel will examine the juvenile problems and solutions with emphasis on the Terre Haute situation. Special efforts will be made to explore the inadequacies of the Indiana system of juvenile corrections from a philosophic and historic perspective.

Community leaders and interested citizens are invited to attend and to participate in the discussions.

## Charged With Conspiring

By MARGARET GENTRY  
Associated Press Writer

WASHINGTON (AP) — Two former Penn Central Railroad officers and three other men have been indicted on federal charges of conspiring to misapply \$4.2 million in Penn Central funds.

The Justice Department said today that the five also were charged with mail and wire fraud in a 23-count indictment returned in U.S. District Court in Philadelphia Tuesday.

The defendants are David C. Bevan, former chairman of the finance committee and chief financial officer of the now-bankrupt Penn Central Transportation Co.; William R. Gerstnecker, former corporate vice president of Penn Central; Fidel Gotz, a West German financier who lives in Vaduz, Lichtenstein; Joseph H. Rosenbaum, a Washington, D.C., lawyer, and his brother, Francis N. Rosenbaum.

Bevan and Gerstnecker were charged with actually mis-

applying the money. The indictment charged that from July 1969 until about Nov. 1, 1970, the defendants conspired to misapply Penn Central funds through a scheme involving a \$10 million loan Penn Central obtained from a Ger-

man bank syndicate.

The defendants allegedly arranged the loan by falsely representing the intended use of the money and then diverting \$4.2 million of the loan to Gotz through a dummy Lichtenstein company, First Financial Trust.

The Lichtenstein corporation also was named a defendant in the conspiracy indictment.

"Under the stated terms of such loan, the loan proceeds were to be used to finance the rehabilitation of rundown railroad cars and equipment used by the Penn Central Transportation Co. in its business," the indictment said.

## Plans At Month's End

WASHINGTON (AP) — President Ford's package program of conditional amnesty for Vietnam draft evaders and military deserters will be made public by the end of this month, a spokesman says.

Ford was to have made the announcement Tuesday, but acting Press Secretary John W. Hushen said Monday that the President was postponing the disclosure indefinitely because he needed more time to study the complex issue.

Hushen announced the late-September date Tuesday in an effort to clear up what he called misunderstandings.

The spokesman said Ford met with aides Monday night to review the "options open to him" on the amnesty question.

Ford already has announced that he plans to establish a "clemency review board" for case-by-case consideration of amnesty requests.

## Eastern Airlines Crashes Into Hillside

By RICHARD WATERS  
Associated Press Writer

CHARLOTTE, N. C. (AP) — An Eastern Air Lines jet carrying 78 passengers and a crew of four crashed into a wooded hillside today as it was approaching fog-shrouded Douglas Municipal Airport here.

There were no immediate reports on the number of casualties, but a spokesman at Memorial Hospital reported about 12 persons were brought there for treatment.

William Rawlings, the airline's sales manager for the Charlotte district, said Eastern ground personnel were in contact with the jet moments before it crashed.

"Our Eastern people had no idea anything was wrong. Everything appeared normal.

The DC9-30, a stretched version of the DC9, was Eastern's Flight 212. It had left Charleston, S. C., on schedule at 7 a.m. It crashed at 7:33 a.m. about two miles from the Charlotte airport.

An Eastern spokesman said 71 of the passengers were bound for Charlotte. Seven others were scheduled to go on aboard the plane to Chicago, he said.

Mayor John Belk of Charlotte and other witnesses who reached the scene before police blocked all traffic in a two-mile radius said the jet apparently exploded after hitting the ground.

The plane crashed about two miles south of Charlotte's city limits, one mile off Interstate 77.

## Requests To Be Weighed As Reach Ford's Desk

By GAYLORD SHAW  
Associated Press Writer

WASHINGTON (AP) — President Ford is not at present actively considering pardons for all Watergate figures, but will weigh any request for pardons which reaches his desk, House minority leader John Rhodes said today.

Rhodes and Senate minority leader Hugh Scott, R-Pa., clarified Ford's Tuesday stand on Watergate pardons after meeting for one hour and 45 minutes with the President at the White House today.

Scott read a presidential statement which he said Ford asked him to give to reporters. In it, the President said: "The announcement yesterday by Mr. Hushen concerning a study of the entire matter of presidential clemency and pardons was prompted by inquiries to the White House press office concerning Mrs. John Dean's reported statement in reference to pardoning of her husband and similar public statements on behalf of others.

"Such a study is, of course, made for any request concerning pardon of an individual. However, no inference should be drawn as to the outcome of such study in any case. Nor is my pardon of the former president, under the unique circumstances stated by me in granting it, related to any case which is or may be under study."

Hushen is John W. Hushen, the President's acting press secretary.

Hushen said Tuesday at a White House news briefing the President was making a study of possible pardons for all Watergate figures, those already convicted and facing trial.

The announcement drew a tidal wave of criticism. Later, in discussing the possible pardons, White House Counsel Philip W. Buchen declined to set a timetable for a final decision by the President.

But Buchen indicated Ford's study might not be completed by the scheduled Sept. 30 start of the trial of six former aides and associates of former President Richard M. Nixon on charges stemming from the Watergate cover-up.

Scott was asked by reporters if there was indeed a presidential study of Watergate defendants. "I think there are none," Scott replied.

### At Plane Crash Site

MADISON, Ind. (AP) — Two bodies were removed from the burned out wreckage of a twin-engine plane that crashed early today near the fog-shrouded Madison Municipal Airport, authorities said.

Trooper Jess Westmeyer of the Indiana State Police post at Versailles in southern Indiana confirmed the deaths. However, he said he didn't know if there were others.

The crash occurred shortly after midnight Tuesday in a field one mile east of the small airport, Westmeyer said.

Federal Aviation Administration investigators were sent from Indianapolis to examine the wreckage which Westmeyer said was burned so badly that it was difficult to determine the plane's registration.

## Federal Spending To Some Unemployment In Some Areas

By JANET STAIHAR  
Associated Press Writer

WASHINGTON (AP) — President Ford announced today he has ordered the spending of \$415 million to finance 85,000 public sector jobs in state and local governments.

Ford said he will ask Secretary of Labor Peter J. Brennan to immediately disburse \$65 million to those communities in which unemployment is high.

By the end of the month, Ford said, another \$350 million will be made available under

the Comprehensive Employment and Training Act.

Ford made the announcement to labor leaders and Senate and House members attending the second round of pre-economic summitry aimed at solving America's twin problems of inflation and recession. The session was part of a continuing series of meetings leading to the White House economic summit conference Sept. 27-28.

The President said the effect of today's actions will be to double the number of federally funded public service jobs — to

170,000 by this coming winter.

He said that in addition \$1.3 billion will be available to state and local governments for manpower programs.

Ford noted the unemployment rate in August was 5.4 percent and said that "we certainly cannot be complacent about any American lacking work" and "the present situation calls for full use of available tools and dollars."

His remarks were released in advance of delivery.

Ford emphasized there will be no controls imposed on wages and prices.

"To leaders of our labor unions, and to the captains of industry, I make a sincere appeal for restraint," said Ford. "And it must be self-imposed restraint."

"Settlements at the bargaining table are the responsibility of the participants as long as they respect the public interest."

"Cold and impersonal numbers and percentages cannot describe the impact on people's lives," Ford continued. "While everyone is hit by inflation, some are struck harder than others."

The bidding:

North	East	South	West
1 ▲	Pass	1 NT	2 ▲
Pass	Pass	3 ▲	Pass
3 NT			

This deal occurred in the match between the United States and Norway in 1970. The American North-South pair bid aggressively to three notrump and would have made this unstylish contract had West led a club and continued the suit after declarer tried a spade finesse at trick two.

But whether South would have made three notrump will never be known because East, his mind elsewhere, led the four of clubs at trick one out of turn.

The laws governing an opening lead out of turn give

declarer a choice of four penalties he can exact, one of which is to accept the lead out of turn. Play progresses normally if declarer accepts the lead out of turn.

South, seeing only his own hand, did not much fancy a club lead, and accordingly he asked the proper player, West, to lead, at the same time barring West from leading a club, which was one of South's rights.

This proved to be a mighty poor choice when West elected to lead the ace and another heart. As a result, South went down four to the tune of 400 points!

Declarer might have done better had he applied Goldwater's Law (named after Harry Goldwater, tournament director of the American Contract Bridge League).

According to the Goldwater principle, a declarer should always accept an opening lead out of turn, declining the other options available to him.

Goldwater's theory is that if someone is not a good enough bridge player to know whose lead it is, after the auction is over, the chances are that he also doesn't know the best lead for his side.

Possibly Goldwater's Law would have worked out well in the present case — but we'll never know for sure.

New Pulsar Date/Command

Press this button, Pulsar tells you month and date

Press the other, Pulsar tells you the time.

Stainless Steel \$295

Gold Filled \$395

- This new Pulsar, the two-button Date Command, is a solid-state Time Computer... and a calendar, too.
- Like all Pulsars, it has no hands, gears, springs, tuning forks, or motors. No moving parts.
- It never needs maintenance, oiling, or cleaning. Guaranteed accurate to within 1 minute a year. (Timing will be adjusted to this tolerance, if necessary.)
- This new two-button Pulsar has all the virtues of the one-button Pulsar that tells you the time at the touch of a button... plus it tells you the month and date.

Miss Nan Cook, right, a member of the Tillicoultry Clackmannanshire, Scotland homemakers institute, or club, visited her old pen pal recently, Mrs. Melba Haltom of Cloverdale, and took in the annual meeting of the county homemakers extension council. Miss Cook discussed some of her homeland homemakers projects and learned firsthand of area programs. She talks here with a meeting-goer.

## Pen Pals United

When two old pen pals finally met face to face in Putnam County recently, they had a chance to reminisce and share first hand their common love-homemakers clubs and projects.

The pals, Mrs. Melba Haltom, Cloverdale and Miss Nan Cook, Tillicoultry, Clackmannanshire, Scotland, attended the county extension homemakers council meeting last week at the fairgrounds and said they were "surprised" when they met each other the day before.

Miss Cook was in Detroit visiting relatives last month and decided to visit Mrs. Haltom also. The women correspond through the

Associated Country Women of the World pen pals program. Miss Cook, a member of the Scottish women's rural institute, said at the meeting that she is interested in the American programs and projects and noted that her native organization has some programs unlike the area ones she found here.

In Scotland, a lesson is known as a demonstration with seven groups, containing the seven individual institutes, or clubs, making up a district.

The district groups meet once a month, Miss Cook explained, with demonstrations and judging of projects.

"Each member who has an entry receives a point and at

the end of each year all the points are added up.

"Then the individual club winner is awarded a silver cup. The second and third place winners get a smaller prize," she said.

Miss Cook said she won third place twice.

For other projects, the institutes take one day "holidays" or trips, in the spring each year. "We may go to a seaside resort or other places."

Another annual attraction are the club birthday parties which are social and money making events, she noted.

Miss Cook is a 14 year member of her Tillicoultry institute.

The women have been writing each other for eight years.

## Roachdale News

The Roachdale Extension Homemakers Club met for a luncheon at the Holiday Inn in Crawfordsville Saturday, September 7 with ten members present.

Mrs. Josephine Lee and Mrs. Joan Jochenour of Jamestown visited Wednesday with Mrs. Beulah Frazier.

Mrs. Mary Riggle entered Culver Hospital in Crawfordsville on Monday and had surgery on Tuesday. She is in room no. 202.

Mr. and Mrs. Estel Keck were Wednesday night dinner guests of Mr. and Mrs. Bob Keck and family of North Salem.

Mrs. Neva Poynter and Mrs. Geraldine Frazier of Greencastle visited Mrs. Beulah

Frazier on Thursday.

Dr. and Mrs. Gary Collings and sons of Lafayette were weekend guests of Mr. and Mrs. Duanne Collings and Mr. and Mrs. Richard Riggle.

Mr. and Mrs. Casper Chastain have returned to their home in Newport Richey, Fla., after several days visiting Mr. and Mrs. Cleo Chastain and family and Mrs. Margurite McBride and family.

Mr. and Mrs. Frank Brown, Mrs. Clellia Jones and Hubert Goodman visited Mr. and Mrs. John Stewart of North Salem on Sunday.

Mr. and Mrs. Cleo Stewart of Jamestown were Thursday dinner guests of Mr. and Mrs. Frank Brown.

Mrs. Willie Williams spent

the weekend with Mr. and Mrs. Bob Williams at their camper on Raccoon Lake.

Mr. and Mrs. Virgil Long of Ladoga visited Mr. and Mrs. Estel Keck Sunday.

Mrs. Linda Stonecipher and children of Clarks Hill and Mrs. Grace Harbison of Crawfordsville visited Thursday with Mrs. Beulah Frazier. She returned home with them for a few days visit.

Pam and Cindy Allen, Jeanna Clodfelter, Rusa Rooker, Elaine Harris, Angie Thompson and Kim Wilson were among the North Putnam graduates to enter Ball State University in Muncie, Ind., on Sunday.

## Wife wears rich sister's hand-me-downs

By Abigail Van Buren  
© 1974 by Chicago Tribune-N.Y. News Synd., Inc.

DEAR ABBY: My wife (I'll call her Ruth) has a sister I'll call Peggy. Peggy's husband is loaded with money, and Peggy spends a fortune on clothes.

Ruth and Peggy wear the same size, so Peggy sends Ruth boxes of dresses, coats and shoes that she's tired of. All the stuff is just like new, and Ruth looks like a million dollars in them.

Maybe I shouldn't feel this way, Abby, but it bothers me when I see my wife all dressed up in her sister's clothes. Although I can't afford to buy my wife the kind of clothes Peggy sends her, she wouldn't exactly go around in rags if she dressed in clothes that were within our income.

I've come awfully close to asking Ruth not to accept any more clothes from her sister, but I'm not sure it's the thing to do. I suppose it's selfish of me, Abby, but a guy can't help how he feels. What do you think?

POOR WORKING STIFF

DEAR STIFF: I think you should tell your wife what you've told me. Talk it over, and maybe you can reach an agreeable compromise. You're right, a guy can't help how he feels, and I, for one, can understand your feelings.

DEAR ABBY: My grandmother was one-sixteenth black. She married a white man. Neither she nor any of her children had Negroid features, and they all married whites. The problem is my wife. I told her of my ancestry before we were married, and it didn't seem to make any difference. But now she refuses to have any children for fear one might be coal-black.

What are the chances of this occurring?

NEEDS TO KNOW

DEAR NEEDS: Zero. A child will be no darker than his darkest parent.

DEAR ABBY: I am blind at age 14, and take my Seeing Eye dog Juniper with me everywhere I go.

Kids will often try to pet Juniper. I like kids, but Juniper is trained not to be friendly with strangers. If he growls, the mother grabs their children and scream, "what a vicious dog!"

Abby, please print this so parents will tell their kids to stay away from Seeing Eye dogs.

JENNIE AND JUNIPER

DEAR JENNIE: Thank you for your informative letter. This might be a good time to warn people against trying to be friendly with ALL strange dogs. Many dogs are used for protection these days and are trained to attack strangers who come too close.

CONFIDENTIAL TO MY READERS: Are you properly registered in order to cast your vote next November? If you don't know where to register, phone ANY political party's headquarters (they're in your phone book) and inquire. May I remind you (with a quote from Edmund Burke) that "All that is necessary for the triumph of evil is that good men do nothing."

**WHATEVER THE SEASON, YOU'LL FIND DEPENDABLE PRESCRIPTION SERVICE AT HOOK'S**

Hook's drugstores, in hometowns all over Indiana, have been offering Hoosiers dependable prescription service for 74 years. That's why, no matter what season it may be, you can count on a friendly Hook's Pharmacist-In-Green to carefully fill your prescription.

**Hook's**  
DEPENDABLE DRUG STORES

We've learned that filling prescriptions is largely a "people to people" situation. That's why we think it's important to be where the people are—IN YOUR HOME TOWN

## Eagles Sweep 3-Way Meet

South Putnam swept a three-way cross country meet on the Eagle home course, easily downing Owen Valley and Monrovia.

South Putnam finished with only 26, Owen Valley, 54, and Monrovia, 61.

Keith Puckett led the way for the Eagles as he topped the first place slot in 13:56. Mike McCammack was second highest scorer for the Eagles with a fourth place, 14:38. Mike Tyler and Ron Hassler took the sixth and seventh spots,

respectively, with 14:50 and 14:56 times. Mike Brown followed that duo with an eighth place 15:02 effort; followed by Chris Steinbaker in 15:11, and Rick Kelly rounded out the top ten with a 15:14 time.

South Putnam Coach Dan Puckett said he "really felt good about winning the meet" and that he felt his team "ran well", although he commented that he was not particularly impressed with the times.

## Banner Graphic sports

### Cougars Stay Unbeaten

On the strength of Ed Thornburg's first-place 14:23 effort North Putnam's Cougars squeezed by a tough Cascade cross country team, 27 to 28, at the Cadet course.

North Putnam's Rick

Daniels was the second Cougar scorer, David Trent followed him. Brian Fowler crossed the line eighth, and Mark Thompson rounded out the top Cougar finishers in ninth place.

Coach Jerry Olson said he

was "satisfied" with the win, although the times were slow, mostly due to the wet course. He added that his team failed to "pack up" as he would have liked them to do. The win raises the Cougar record to 3-0.

## Roachdale HTC: 2nd

The Roachdale HTC softball team completed its long season on a fairly successful note last weekend when it brought home the second place trophy of the Eli-Lilly Invitational Tournament.

HTC won two games Saturday and one Sunday morning en route to the championship games, but then lost a pair to the Westsiders Sunday afternoon to wind up as runner-up in the double elimination tourney.

Saturday morning the Roachdale outfit opened the tourney by avenging an earlier season loss as they blasted

Klingbeil, 8-2. Don Simpson socked a solo home run in the third for the winners, and Chuck Skelton and Ron Simpson stroked three hits apiece.

Saturday afternoon HTC came back to edge Mug 'N Bun Pizza, 8-6, behind the three RBI's of Jim Hanks. Ron Simpson and Bill Brothers added two hits apiece to the winning attack.

Sunday morning HTC pushed across two runs in the last inning for a come from behind 7-6 win over St. Barnaby's. Larry Huffman, Ron Simpson and Skelton each had a pair of hits in their last win of the tourney.

One step away from the tourney title, the Roachdale crew fell to the losers' bracket representative, the Westsiders,

in their first encounter Sunday afternoon, 7-6.

In the title game, the Westsiders exploded for ten runs in the first inning to post the 12-7 win that brought them the championship trophy.

The Roachdale HTC team that went to the 14 team tournament was short-handed from the squad that had played altogether all summer, and picked up four ball players from the Bainbridge Dairy team, Kenny Kerns, Bill Brothers, Larry Huffman and Chuck Lyons and two from the Danville Merchants squad, Chuck Minton and Steve Price.

The 3-2 showing in the Eli-Lilly tourney brought the Roachdale HTC record for the entire season to a highly respectable 43-25.

## Bengals To Claw AFC Central Competition

In the past, the only superstar on the Cincinnati Bengals has been their coach. His name is Paul Brown and he has a reputation for raising football teams into championship ones.

He did it with the Cleveland Browns a generation ago and he is on the verge of doing it with the young Bengals, who only came into the National Football League in 1968.

The Bengals are growing up and one mark of their maturity is that they do not think their coach is the only star in Cincinnati anymore.

"We know what we can do," said captain Royce Berry. "We're not a faceless team anymore. There's nobody better in the NFL than Mike Reid at defensive tackle and Isaac Curtis as a receiver. And outside of O.J. Simpson, we think we've got the best back-field combination."

And they did it by overcoming an injury-plagued 4-4 start with six straight victories including a 27-9 rout of Super Bowl run-

nerup Minnesota.

The Bengals are the youngest team in the league. The only player over 30 is kicker Horst Muhlmann and he has a very young foot.

That could spell bad news for the Pittsburgh Steelers, who were knocked from their perch as champions of the American Football Conference Central Division in 1973.

That could spell bad news for the Cleveland Browns, who haven't been the best NFL team in Ohio since 1972.

And then there's Houston. The Oilers have managed two total victories in the last two seasons. For them, any news is probably bad news.

### Cincinnati Bengals

The Bengals took the AFC Central Division title last year with a 10-4 record, finishing ahead of the Steelers, also 10-4, because of a better record against division competition.

Ken Anderson, 25, the Bengals' quarterback, was forced

to go the distance without a strong backup last year, but he wasn't fazed, finishing the season with a 54.4 completion average, third best in the AFC. His 18 touchdown passes were second best in the conference.

Boobie Clark, AFC rookie of the year, is 23. The hard-running Clark teamed with the elusive Essex Johnson to provide the legs that carried the Bengals into the playoffs against Miami.

Johnson and Clark accounted for 1,983 rushing yards in 1973, finishing third and eighth among the NFL's top 10 ground gainers.

Curtis emerged as the solution to the Bengals' pass receiving problems. Curtis, 23, who can race the football field in 9.3 seconds, grabbed 45 passes and also appears headed for stardom.

Brown has constructed a strong, aggressive defense, but the trade of Bill Bergey to the Philadelphia Eagles leaves a

big question mark at middle linebacker.

Brown has nominated third-year pro Jim Le Clair to solve the problem.

Pittsburgh Steelers

The Pittsburgh Steelers hope to be busy playing — not watching — football on Jan. 12 in New Orleans at Super Bowl IX.

And they have the luxury of three drivers to get them there. Joe Gilliam won a three-way battle for the starting quarterback position after tossing for an NFL-high 11 touchdown passes in the preseason and leading the Steelers through their first undefeated exhibition schedule.

"We'll go with Joe in the regular season opener with Baltimore," Pittsburgh Coach Chuck Noll said after Thursday night's 41-15 blitz of the Dallas Cowboys. "I'm not displeased with anybody but Joe has just been tremendous."

"Nobody on this team is No. 1

or No. 2. All 47 players contribute."

It might be hard to convince quarterbacks Terry Bradshaw and Terry Hanratty that they're No. 1 while they're sitting on the bench.

Wide receivers Ron Shanklin and Frank Lewis are back, challenged by impressive rookies Lynn Swann, the Pacific Eight's all-time leading pass receiver, and John Stallworth, Alabama A&M.

Franco Harris, a 1,000-yard ground gainer in 1972, was hampered by injuries last season while rushing for 698 yards, tops on the club. After rough going in the early preseason, Harris had his best game of the year Thursday night, rushing for 72 yards on 10 carries.

Even with injuries to key players last year like Harris, his running mate John Fuqua, and quarterbacks Bradshaw and Hanratty, the Steelers still managed to score the second most points in the NFL in 1973. The Steelers' reputation historically is for defense and it's well deserved. This season should be no different; no team in the division gave up fewer points last year.

Cleveland Browns Last season was the first time in three years that the Browns missed the NFL's annual playoff party.

Most of Cleveland's problems were on offense, where the Browns ranked 23rd in the entire NFL. Gone are the days when the main Brown was Jimmy Brown, who would lead a devastating rushing attack. Last year's main Brown was Ken Brown, who rushed for a team-leading 537 yards. But he never scored a touchdown and his longest jaunt from scrimmage was 17 yards.

Leroy Kelly, the former All-Pro running back, was grabbed by the Oakland Raiders via the waiver route early in pre-season.

During Kelly's premier seasons, he was the Browns' breakaway threat. Now the Browns hope second-year pro Greg Pruitt can pick up the slack. Pruitt averaged six yards per carry in 61 attempts last year.

Quarterback Mike Phipps, starting his fifth NFL season, again will be in control of the Cleveland offense. Phipps was the 10th-ranked quarterback in

the AFC last year. He ran for five touchdowns and passed for nine, but 20 of his passes ended up in the hands of the opposition, an AFC high.

### Houston Oilers

"I do not wish to demean the Houston Oilers or the National Football League. I am just looking for a better means of employment."

Those words were spoken by the Oilers' No. 1 draft pick in 1973, John Matuszak, who waved goodbye to the Oilers and his contract two weeks ago when he signed with the Houston Texans of the World Football League.

And even though Matuszak was knocked out of the Texans' game two weeks ago by a court restraining order, he did get to see a Houston victory, which is as many regular season triumphs as he saw with the Oilers in 1973.

To make matters worse, Oilers' Coach and General Manager Sid Gillman were going to construct a 5-3 defense around the mammoth Matuszak.

And to compound matters even worse for the Houston defense, only five teams in NFL history ever have given up more points than the 447 the Oilers surrendered in 1973.

On offense, Houston had the worst rushing game in the NFL last year. Fred Willis led the ground game with 579 yards.

Willis also topped the entire conference in pass receiving, grabbing 57 passes coming out of the backfield. Ken Burroughs is the Oilers' long threat at wide receiver.

There doesn't seem to be much help from the Oiler rookies either as Houston had only 10 draft choices, their first coming after 78 other names had been called.

Dan Pastorini was the No. 1 quarterback last year, but Lynn Dickey guided the Oilers to their one victory.

John Matuszak just might have had the right idea.

## Speed Mechanic

By WILL GRIMSLEY  
AP Special Correspondent  
NEW YORK (AP) — Lou Brock, baseball's new king of the base thieves, doesn't consider himself a speed merchant—he is a mechanic.

"Base-stealing is a science, a skill," the veteran St. Louis Cardinals outfielder said Wednesday while whisking from one appointment to another in Manhattan. "For me, it isn't raw speed. It isn't a matter of getting the jump or outthinking the opposing pitcher."

"It is all a matter of muscle response. It's a study in anatomy."

Brock stole bases Nos. 104 and 105 Tuesday night against the Philadelphia Phillies at St. Louis, breaking the season mark of 104 set by Maury Wills of the Los Angeles Dodgers and soaring to 740 for his career, two more than the National League career record of Max Carey.

Ahead of him is Ty Cobb's major league record of 895.

"I am not a record-seeker," he said quietly while being chauffeured from his mid-town hotel to a meeting with an AT&T executive across town.

"I have never attached any significance to totals. Bases-tealing to me is a challenge. If I meet that challenge 1,000 times—or 896—well, fine. But I have no one—not Cobb, not anybody else—in my sights."

The Cardinals flew into the city for the opening of a series with the New York Mets immediately after the historic game at St. Louis, won by the Phillies 8-2.

Brock's phone was ringing when he arrived at his hotel in the early morning, and it was still ringing when the sun came up.

## Meet Postponed

The Greencastle-Danville tennis meet scheduled for Wednesday was cancelled due to rain.

The Tiger Cubs lost Monday to Mooresville, 7-2. In what Coach Gerald York cited as a "standout performance" Scott

Kissinger scored one of the two Tiger Cub points downing Mooresville's Adams in three sets; 3-6, 6-3, 7-5. The Tiger Cub doubles team of McPhail and Kissinger stayed undefeated as they racked up a 6-2, 6-0 decision.

# WORRY CLINIC

By George W. Crane, Ph.D., M.D.

Heed Dr. McCartney's timely warning! For HEW (alias Big Brother, M.D.) can now commandeer private medical data as to your abortions, VD, or nervous breakdowns and thus violate the doctor-patient confidentiality.

CASE B-640: Dr. Charles P. McCartney is President of our Chicago Medical Society.

He writes a message on the "President's Page" of our bi-weekly medical journal published here in Chicago.

"In 1974," Dr. McCartney began, "as in each year of the past decade, the physician is struggling with a federal bureaucracy for the control of medical practice."

"The Bennett Amendment has significantly advanced the cause of this bureaucracy."

"The American Medical Association's advocating the repeal of this act is, therefore, appropriate."

"HEW, however, will carry out the provisions of this law until it is amended or repealed."

"BIG BROTHER, M.D."

For you readers who are not fully aware of how Big Brother is now trying to become your doctor (as well as the wet nurse for all your other needs) let me digest some of the provisions of the Bennett Amendment.

In an election year, the bill

seemed to be a good vote-getter, which is what motivates many Congressmen to pass nonsense legislation.

For it provides that a bureaucrat at Washington can reduce your stay in the hospital, at his option!

And even decree which hospital you may enter!

Plus when he decides you should be sent home from the hospital.

Thus, it usurps the functions of the usual trained M.D., who knows far better than a Washington office clerk what drugs or hospitalization you require.

But what is most dangerous to you laymen is the fact those Washington clerks can now demand the confidential medical data that heretofore has been "privileged," in the same manner as your confession before a priest or minister.

To be specific, at the option of the bureaucrats in Washington, your very intimate personal medical records can now be demanded so those desk clerks can see if you ever had venereal disease.

Or a miscarriage.

Or an abortion.

Or removal of a cancerous breast.

Or bore a baby out of wedlock.

Or ever had consulted a

physician because of nervous tension or had visited a psychiatrist for emotional problems.

This confidentiality that has always been a legal protection of the doctor-patient relationship, is now destroyed!

You may thus recall how Senator Eagleton was maligned and then abruptly dropped from the vice-presidential spot by

McGovern, just because information was "leaked" that Senator Eagleton had been a psychiatric patient!

Indeed, not only are you laymen thus liable for public broadcast of your private medical conditions, but irresponsible opponents of state or national candidates could easily obtain evidence of any visit by an opponent to a neurologist or psychiatrist and thus "slant" such data to make the public think his rival was incompetent or on the verge of a nervous breakdown.

You laymen will thus be the greatest sufferers when the HEW (alias Big Brother, M.D.) exposes your intimate medical data!

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope and 25 cents to cover typing and printing costs when you send for one of his booklets.)

## COMPUTER FIGHTS FIRES

GLASGOW, Scotland (AP) — A computer is being used for the first time to cut the toll of death and damage by fire in Glasgow, one of Britain's major cities. Information stored at the city fire headquarters is linked by radio to small recorders in the cabs of fire trucks. Within seconds of an alarm call, details of the occupants, structure and layout of the burning building are transmitted.

Friday Until 8 p.m.  
Mon.-Sat., 9 to 5 p.m.

# CARPET YOUR ENTIRE DOWNSTAIRS!

It's TIME for a change ...
